

VISIT US DURING 2010
WORLD STEM CELL SUMMIT
BOOTH 17 | OCT 4-6

WE HAVE OUR TESTING DOWN TO A SCIENCE

LABS is your ideal partner to move cutting-edge ideas from concept and development through scale-up and commercialization. We are committed to helping our clients develop innovative cell-based therapies and products for use in tissue engineering research and regenerative medicine.

By continually seeking out the latest advances in technology and innovation, we deliver more than laboratory results – *we deliver trust.*
